

The Future of REDD+ - Interpreting FREL/FRL for Post- 2020 Framework

Introduction

Dr. Mitsuo MATSUMOTO

REDD Research and Development Center
Forest and Forest Research Institute, Japan

Background

- 10 years of REDD+ from COP11 to COP21
- The Paris Agreement
- FREL/FRL
- National/Subnational levels and project level

Objectives

- To review and share the past and present of REDD+, including international negotiations up to COP21 and the submitted FREL/FRL
- To discuss the post-2020 REDD+ strategies, particularly on the relationship between the FREL/FRL at the project level and national/subnational levels.

Program

- Keynote Speech: Past and Present of REDD+
- Session 1: REDD+ and FREL/FRL at National/subnational Levels
- Session 2: Challenges for Post-2020 Framework – REDD+ and Scaling
- Panel Discussion: The Future of REDD+ under the Paris Agreement
